Forecast For West Midlands
Issued by Met Office Exeter
at 0400 on Saturday 02 Jan 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Mostly dry and sunny. Some scattered rain or snow later.

Today:
Dry and mostly sunny to start. Cloud building through the day, with a chance of some rain or snow coming in from the northeast from mid afternoon. Colder than average for this time of year. Maximum temperature 4 deg C (39 deg F).

Tonight:
A cloudy night with scattered wintry outbreaks, though likely turning to rain away from high ground. Chance of frost in places. Colder than average for this time of year. Minimum temperature -2 deg C (28 deg F).

Sunday:
Often cloudy, though bright intervals possible, particularly in the west. Wintry showers possible, mainly in the east. Still chilly. Maximum temperature 5 deg C (41 deg F).

Outlook for Monday to Wednesday:
Monday mostly dry but cloudy. Tuesday brings some wintry showers across the region. Wednesday looking brighter and mostly dry. Staying cold.
